AIRWORK Limited

FIVE AIRWORK RECONDITIONED DRAGONS FOR SALE

EARLY DELIVERY
—BARGAIN PRICES

We are proud to announce that we have received from British Airways, Ltd., an order for a fleet of de Havilland four-engined Express Air Liners (DH86A) for the operations of their 1936 Programme.

In negotiating the contract, we have taken in part exchange five Dragons, which we are now able to offer to Air Transport Operators in Great Britain or abroad at very attractive prices.

These twin-engined aircraft have been run with care and have received first-class maintenance throughout their single ownership.

The aircraft and their engines are now being completely overhauled in the Airwork Central Repair Station, and will shortly be ready for delivery, complete with certificates of airworthiness for twelve months. They are generously equipped and can be finished in any colours.

Operators interested in these fully-reconditioned aircraft, suitable for air line or taxi work, can obtain full details from Airwork Sales Department. Telephone: Hounslow 2345.
